APS ADAPTIVE PROCESSING SOLUTIONS
The Experts in Casualty Claim Management

E-PAYMENTS

The E-Payments digital payment platform connects you electronically to over 1 million providers and vendors!

For true efficiency, you need a partner with the largest electronic payment network available. **E-Payments from APS provides just that,** an enormous network of over 1 million providers and vendors, offering you an instant turnkey electronic conversion that eliminates IT costs, staff training and the complexities of implementing a new process.

75%
of payers state that reducing paper check issuance is a high priority

E-Payments makes digital payments easy, eliminating third-party banks and awkward electronic enrollment drives. Payers and their payees automatically eliminate the complexity of multiple portals, banking relationships, payment modalities, and reconciliation. E-Payments becomes the connection that makes an efficient digital payment process possible.

Full Compliance with all Standards

E-Payments is also fully compliant, meeting all HIPAA, OFAC, and IRS 1099 requirements. HIPAA compliant transactions are completely secure, ensuring the data from your adjudication platform is transmitted in compliance within the Operating Rules of the Affordable Care Act (Section 1104). For an extra level of security, all transactions are cross-checked against the OFAC database, ensuring fidelity. Plus, advanced IRS 1099 Compliance streamlines the process for easy year-end reporting. The best part is your system is compliant in only 90 days!

Engineering a Better User Experience

E-Payments is also fully compliant, meeting all HIPAA, OFAC, and IRS 1099 requirements. HIPAA compliant transactions are completely secure, ensuring the data from your adjudication platform is transmitted in compliance within the Operating Rules of the Affordable Care Act (Section 1104). For an extra level of security, all transactions are cross-checked against the OFAC database, ensuring fidelity. Plus, advanced IRS 1099 Compliance streamlines the process for easy year-end reporting. The best part is your system is compliant in only 90 days!

Turn to E-Payments for the Best User Experience

Your team will be up and running quickly with remote training and deployment in just a few hours.

Completely customized reporting the way you need it

With over 1 million participating vendors and providers already in our system, we put an end to time-consuming outreach campaigns

REDUCE
the reconciliation process by up to 80%, with greater confidence and accuracy

INTEGRATE
your legacy file formats

CUSTOMIZE
the process to fit your team's needs

One System Does It All

To make our digital payment platform better, we focused on simplifying the critical task of reconciliation. Issuing, tracking, and resolving payments, each in a different format, is a recipe for wasted time and money. **E-Payments** becomes your single source for all payment data automatically, allowing you to optimize staff and resource allocation.

Are you ready to embrace the digital payment revolution?
